

Go green – all the way!

100% circular packaging with Euro Pool System and UNI-TROLL®

The Green Foldable Crates from EPS + UT trolleys is the perfect match and logic choice to meet the new demands on EU's packaging directive on producer responsibility.

- 1 Millions of one-way-plant-trays can be avoided to the benefit of the environment.
- 2 The ISO modular RPC are already in use and integrated at most retailers.
- 3 Both trays and trolleys are easily built and stacked down for transportation or empty storage.
- 4 Opens new options for automation and saving of manual labour force.

Join our test team!

Right now we are testing the EPS + UNI-TROLL® solution.

**We're searching for a
closed loop for testing.**

If you want to be a part of the test and join in, please contact us at lw@uni-troll.com or tel. +45 81 11 57 96.
